

STEPHANIE HAZEN

B.A.Sc. (Comp. Eng.), P.Eng., LL.B.

Counsel | Patent Agent

shazen@rowandlaw.com

(416) 350-1680

Stephanie is a patent agent specializing in the preparation, prosecution, and analysis of Canadian and United States patent applications and industrial design applications. Her practice focuses on the electrical and computer-related arts, with particular experience in the fields of wireless communication technologies and computer-based measurement and automation. She has considerable experience working with foreign associates to obtain patent protection in foreign jurisdictions.

A native Canadian, Stephanie has lived in the United States and had practiced as a technical consultant for a prominent U.S. intellectual property firm prior to working with Rowand LLP.

Before beginning her career in patent law, Stephanie worked as an electrical engineer with IBM Canada, ATI Technologies (now AMD Canada) and Nortel Networks.

Stephanie holds a Bachelor of Science in Engineering (B.Sc.E.) degree in Mathematics and Engineering (Electrical option).
